Katie -you did a great job holding this together and driving it to conclusion. I know it wasn't easy. Between this and Lafarge, you and John have really have built a good reputation for R10 and its staff.

Protecting the environment is everyone's responsibility. Help EPA fight pollution by reporting possible harmful environmental activity. To do so, visit EPA's website at <http://www.epa.gov/compliance/complaints/index.html>

Hi team -

Here is our complaint. I just sent the lodged CD and notice of lodging. It is finally the end of the road. Good luck filing all of your paperwork. Let me know if you need anything. I will be in meetings after 3 pm eastern, so you can reach me by phone after that (but email before if you would like).

Thanks for all of your hard work and engagement in the process. We were really blessed with a great team on this one and I am grateful to all of you. I wish we could all raise a glass (bottle) to celebrate tonight, but we will have to settle for an e-toast. Congrats.

Katie

Here is the filed complaint. I actually filed it last night so that I could get a case number, which I needed to lodge the decree. I have prepared the Fed Reg notice and sent it on its way. It usually takes a couple of days for the FR notice to be published. I will send it to you when I have it. Jim [ENV ENFORCEMENT-#1609093-v1-Saint-Gobain complaint filed and docketed.PDF](#)
